NUMBER 244

ALERT COMMITTEE FAVORS PACKING HOUSE

\$80,000 FIRE AT ST. AUGUSTINE, FLA. SENATE REFUSES TO BE HURRIED

OLDEST FLORIDA TOWN SUFFERS BIG FIRE LOSS

St. Augustine, Fla., April 2.—The heart of St. Augustine, the oldest and most beautiful city in Florida, was wiped out by fire this morning. Four large hotels and several other buildings were burned to the ground. The city is under martial law.

The burned area covers eight blocks in the heart of the city. The loss is estimated at eight hundred thousand dollars. Among the buildings destroyed were the Munson, Magnolia, Clairmont and Florida hotels, and the court house. Fire started on the bay front of unknown origin at 2:30 this morning and was fanned by high winds.

No lives were lost. Great excitement prevailed among hotel guests as the flames swept toward them. Great piles of trunks and baggage were thrown into the streets and are under guard of troops. The fire was under control at 4:55.

One woman leaped from the third floor of the Florida Hotel and suffered a broken back. A. Libby leaped from the second and suffered a broken leg. The famous Velder House with a priceless collection of antiques was destroyed.

LOCATE RESERVE BANKS TODAY OR TOMORROW

Washington, April 2.—Organization committee will announce today or tomorrow the locations for regional reserve banks. The cities selected are the following: Middle-west: Chicago, Minneapolis, St. Louis, Kansas City; New England States: Boston; North Atlantic States: New York, Philadelphia; South Atlantic States: Richmond, Atlanta; Southwest States: Dallas, Texas; Pacific Slope and Inter-mountain States: San Francisco. These eleven regional banks will be created. The fate of New Orleans is in doubt. Either reserve bank or branch of St. Louis will be established there.

Location of the two banks in the South Atlantic States is not surmounting in view of the developments in committee hearings that the South, instead of being a large borrower, is really a large creditor. The South obtains about sixty million annually from New York and Chicago, and transmits two hundred million to those places.

FARMERS RALLY HERE SATURDAY

John W. Greer of Moultrie, Ga., to tell how farmers and business men work together.

Other speakers.

Farmers of Houston county are expected to let politics take second place long enough for them to attend the big farmers rally at the court house Saturday afternoon at 2 o'clock, at which time several well known agricultural experts will make addresses.

The call for the meeting was issued a few weeks ago by the agricultural committee of the Chamber of Commerce, in order that plans may be devised to bring about more hearty co-operation between the farmer and the business man. Besides this purpose, matters of direct interest to the farmer will be explained by a number of farm experts, who know their subjects well.

Dr. C. C. Dalton of Wicksburg will act as chairman of the meeting, and the principal addresses will be made by A. D. Whitehead, United States District Farm Demonstration Agent, and John W. Greer, Secretary of the Chamber of Commerce at Moultrie, Ga.

Mr. Whitehead will have as his subject crop diversification and the boll weevil problem, while Mr. Greer will tell what is being accomplished by the business men of Moultrie and the farmers around his section working together. The key note of his speech, it is thought, will be to show the accomplishments to be derived from co-operation. His talk will be along lines of what has been and is being done, and will not hinge on theory.

Other prominent speakers to make addresses are J. P. Jackson, of Savannah, Ga., Agricultural Agent of the Central of Georgia Railway; Wilbur McCoy, of Jacksonville, Fla., Industrial Agent of the Atlantic Coast Line Railway; E. W. Jenkins, farm demonstration agent, Geneva County, Slocumb, and J. A. Winslow, an expert tobacco culturist of the Central of Georgia Railway.

—Louise—Are they rich enough to afford competent servants?

Julia—My dear! They're rich enough to afford dishonest ones.

Life.

—Lou—I saw Ethel yesterday, and we had the loveliest confidential chat together.

Lucy—I thought so; she wouldn't talk to me today—Judge.

—She—No, Jack, I fear we could never be happy; you know I always want my own way in everything.

He—But, darling, you could go on wanting it after we were married.

INJUSTICE DONE SEED IN PAPER'S SUNDAY FORECAST

Popular Candidate for Governor Says Age-Herald's Estimate of Vote Does Him Great Injustice.

since the Comer-Dadeville incident, since the Comer-Dadeville incident and Henderson compromise there has been rapid increase in my strength. Age-Herald estimate does me great injustice. I expect five times their estimate in Coosa, Elmore, Cleburne. Expect four times their estimate in Mobile, Montgomery, Dale, Russell, Macon. Expect three times their estimate in Washington, Butler, Pike, Limestone, Lawrence, Barbour, Henry, Lee, Tallapoosa, Shelby, Bullock, Geneva, Russell. Expect double their estimate in Choctaw, Conecuh, Covington, Wilcox, Coffee, Dallas, Chilton, Clay, Lowndes, Tallapoosa, Green, Hale, Walker, Cherokee, Lamar, Sumter, Blount, Perry, Jefferson, and larger votes in nearly all other counties.

WALTER D. SEED.

200 SAILORS PERISH IN RAGING STORM

Montreal, April 2.—Two hundred sailors, belonging to the sloop New Foundland, have perished off the coast of New Foundland in a terrible storm that has been raging twenty-four hours, according to messages received here. Several other smaller vessels are also believed to be lost. No details of the disaster are given except that the men are adrift on ice floes. In the blizzard and fifty bodies have already been recovered.

The New Foundland was 212 feet long, crewed driven and in command of Captain J. Knease.

DON'T LET YOUR NEIGHBORS CARRY CHOLERA TO YOUR HOUSE

A contributor to the current issue of Farm and Fireside writes in part, as follows, about the prevention of cholera among hogs.

"There is a farm in central Ohio which is noted for its fine hogs.

"One day a neighbor came wandering through the place. The owner halted him, and asked him whether the report was true that he came from a farm infected with cholera. The neighbor admitted that his hogs were dying of it. 'Then get off my place,' said the owner. The neighbor grew hoarse. 'Well,' said the owner, 'you wouldn't come into my house if you had the smallpox, would you?' 'No, of course not,' said the neighbor. 'Well, then why come into my fields'?"

GREER TO SPEAK FRIDAY NIGHT AT CITY HALL

Moultrie, Ga., Man Will Tell of the Successful Packing House Movement in His City.

The Industrial Committee of the Chamber of Commerce has recommended a canning factory and packing plant to be built in Dothan, for the benefit of the thousands of planters and others in this section of the state.

Only after giving the matter careful study and investigation, did the committee reach this conclusion, which is embodied in resolutions that were drawn up last night. The Industrial Committee has Mr. Greer as its chairman. His associates are J. W. Baughman and C. S. Tutwiler.

Green Will Point Way.

The packing house proposition that has been successfully launched at Moultrie, Ga., will be explained to the citizens of Dothan by John W. Greer at a meeting to be held at the city hall Friday evening at 8 o'clock.

The directors of the Chamber of Commerce, the business men of Dothan, and in fact all who are interested in the welfare of this section are expected to attend the meeting. Present indications are that many will turn out to hear Mr. Greer, who is secretary of the Chamber of Commerce at Moultrie.

In recent years several Alabama cities and towns have attempted the packing house project, but for some reason the matter has never been carried to a successful termination. Montgomery, Selma and other cities have undertaken the project by turns, but nothing ever came of the undertakings.

From reports reaching Dothan the packing house movement at Moultrie is well under way and will be carried to a successful termination. The people of Dothan will no doubt like to know how this is being done. Secretary Greer will tell them.

"Do I understand you to say," asked the judge, "that his remarks were acrimonious?"

"No, judge, your honor. I didn't say that. I said he just swore at me. I ain't a-goin' to claim that he done what he didn't do."—Birmingham Age-Herald.

—Wife (tearfully)—John, cook is going.

Husband—When does she abdicate?—Life.

can't afford to pay for calls with our herd of hogs. The neighbor was con-

COUNTY COURT TO MEET NEXT TUESDAY

Chief Clerk W. E. Acres of the county court, was busy today issuing summonses for witnesses to appear in county court, which meets Tuesday, the day following the primary.

Fifteen or twenty cases are on the trial docket, and will likely be completed by Tuesday. Those who were awarded diplomas for the county will be presented by County Solicitor T. H. Crawford.

TO UNDERGO OPERATION

The young child of Mr. and Mrs. Troy Lewis, who had a serious attack of pneumonia, will have an operation performed on one of its lungs where an abscess has formed.

Mike Cotton who is ill from pneumonia, is reported as not getting along well today. He had a restless night and his temperature is said to be running high.

REINFORCEMENTS OF FEDERALS AT TORREON

Washington, April 2.—Mexican Federal headquarters here declare reinforcements have reached Torreon, and Villa's position is becoming untenable. Dispatches from Chihuahua, however, declare that the Federals completely defeated and are making a last desperate stand at Hacienda Canyon on the outskirts of the city.

WOULD YOU DO AS YOU PLEASED IF YOU HAD A MILLION DOLLARS?

The American Magazine has been offering prizes for the best letters entitled "What I would do with a Million Dollars." The prize winning letters are published in the April number and following is one of them:

"Most people know just what

RURAL PUPILS GET DIPLOMAS

State Superintendent of Education Fought Makes Address at Columbia—Other Addresses.

Sixty-seven pupils of the rural schools of Houston county, who satisfactorily passed the examinations held some time ago, were awarded diplomas at Columbia yesterday. Those who were awarded diplomas were seventh grade pupils of rural schools, and there were originally sixty-four applicants, but only sixty-five passed.

Addresses were made by State Superintendent of Education W. H. Ham, F. F. Fagin, and by Prof. Shackelford, of the Normal School at Troy. County Superintendent of Education Odons was present.

The citizens of Columbia gave a dinner for the educational workers and pupils, which was greatly enjoyed by those in attendance. The occasion was pronounced a great success, both socially and professionally.

While Pearl, the infant of Mr. and Mrs. W. L. Gammell is very ill this week.

they would do with a million dollars. And I am no exception. So if you really want to know what I would do with so much money, I can tell you just as easy!

"I would do as I pleased!

"I am just a little woman of forty who has spent all her life pleasing other people. As far back as I can remember, I have always had to stand between somebody and something disagreeable, or between two somebody's, or maybe it has been three or four somebody's. I've had to distribute myself among. For somebody's sake I have lived in a town I hated, I have let myself be squeezed into tight places, for other people. And then again, I've been called upon to put out my small body, figuratively speaking, to fill a situation quite too big. I have not complained nor appeared unhappy. People always say it was my nature to be unselfish, but it just isn't! So there! Way down in my heart or far in the back of my brain I've rebelled!"

Important Meeting.

"The directors of the Chamber of Commerce are hereby called to meet in executive session in the offices of the organization tonight at 8 o'clock, on matters of importance will be up for discussion. All are urged to attend."

John Sanders.

Architect Morris

Expected Tonight

Architect W. F. Morris, of Atlanta, who was expected in Dothan today, did not arrive, but in a telegram to city officials said he would reach the city tonight.

Morris was expected some time ago at the architect to draw up plans for the new city hall building.

INES CLOSELY DRAWN OVER TOLLS REPEAL

Washington, April 2.—Factional lines are closely drawn in the senate today in preparation of the repeal fight. The administration ultimatum from Senator Owen that only one week would be allowed the Senate Committee to consider the measure is taken as a challenge, and opponents of the bill assert before a wheel turns they will try to force the President to give his reasons for wishing to nullify the free tolls clause. This is taken as a threat to conduct a long filibuster.

A poll of the senate shows a small majority for repeal, but many Senators on both sides are wavering and the final vote cannot be foretold.

Fresh today, well-washed, and made, biological sausage, smoked salmon by express. A. D. Usery Grocery Co.

DIRECTORS TO MEET TONIGHT

First Regular Monthly Meeting of Directors of Chamber of Commerce at 8 o'clock This Evening.

The first regular monthly meeting of the directors of the Chamber of Commerce will be held tonight at 8 o'clock in the offices, North Foster Street, at which time all officers and directors are expected to be present.

Matters of importance to the Chamber of Commerce and to Dothan and this section, will come up for discussion and settlement, and President John Sanders is especially anxious that all directors attend. He has issued the following call:

"The directors of the Chamber of Commerce are hereby called to meet in executive session in the offices of the organization tonight at 8 o'clock, on matters of importance will be up for discussion. All are urged to attend."

John Sanders.

Architect Morris

Expected Tonight

Architect W. F. Morris, of Atlanta, who was expected in Dothan today, did not arrive, but in a telegram to city officials said he would reach the city tonight.

Morris was expected some time ago at the architect to draw up plans for the new city hall building.

JOHN A. MAY.

The Pittsburg Post thinks that every man once wanted a revolver and mandolin. Well, we doubt that every man wanted a mandolin. We know some several who didn't, but we haven't yet seen a man who, at some state of his boyish career, didn't want a pair of boots. Now pass around that.

Pursuit is better than possession. It is backed up by Robert Louis Stevenson's remark about "To travel hopefully is better than to arrive."

Twenty-five thousand jobs going begging in Missouri, and the army of unemployed going marching on from the Pacific to the Atlantic. Suppose if there wouldn't be a chance to get the army to invade Missouri?

HOW DO YOU KNOW?

If you want to tell a small boy anything, if he doesn't understand it thoroughly, he says "How do you know?"

He puts it square up to you. One of the Sunday papers has a syndicated editorial that has this in it:

"Man is a fighting animal. He has fought his way forward on this planet for five hundred thousand years. And he has many more thousands of millions of years to continue his earthly fight."

That's a big statement. We wish we had sufficient reason to attack it. We haven't. We had a general idea that everything about the age of the earth, and its inhabitants was guess work, till Bible history takes hold. To say that the earth along with man, was created five thousand years ago, doesn't mean much to us. Might as well say five hundred thousand years ago, as this writer said.

But we come back with the little boy's question: "How do you know?"

A Boston woman wants to sell her husband for \$1,000. Must be a plum fool about him, or paid an awful price for him when he was new.

There were no boys handy, so the late Col. Poe-the Bowman assaulted an old inn, knocking out his lone tooth.

**CLIPPED
From The Exchanges**

That Jewel Consistency.

New York state citizens, incensed over an atrocious murder, were about to mob a boy. And then they loudly condemn the South whenever a lynching follows an ugly crime down here. Consistency, then, 'art a jewel, indeed!—Troy Messenger.

Parson Knew Better.

Uncle Jim Sugarfoot killed a fine rabbit for the entertainment of Parson Heavenspace, who was expected to dinner, but as rabbits were out of season he thought to avoid what might prove to be an embarrassing situation by making the parson think it was chicken, he was eating, relates the Pittsburg Chronicle-Telegraph.

"Brother Heavenspace," said Uncle Jim when it came time for a second helping, "what part of do bird would you like now?"

With a merry twinkle in his half closed eyes Parson Heavenspace replied:

"If you all don't mind, Ah'll take Ah'll take do gizzard."

Leffland Co. Est. 1760

SPORTING NEWS

(By Frank G. Menke.)
New York, April 2.—All the

trails lead to the Northland once again. The Southern training stations have been deserted. The preliminary work of the 1914 baseball season has been completed. The players are on the homeward march now, making the trip by easy stages, and garnering dollars here and there for their owners by playing exhibition games in the smaller towns throughout the South and near-South.

In less than two weeks the baseball hungry public will be journeying to the different parks and engaging in a mad scramble with thousands of others for choice from which to watch the baseballing persons rip the lid off the 1914 season. In less than two weeks the now silent stands will echo with the shrieks and the plaudits of the multitude; in less than two weeks many umpires will be in danger of losing their lives and Messrs. Cobb, Speaker, Jackson, Wagner, Lajoie, and others will be busting fences in the old fashioned way.

The training trips this year have been huge disappointments for

most of the managers and managers. The organized Major Leaguers tried out more than 100 youths that were gathered in from the bushes at the close of the 1913 season. They gave them all a thorough tryout—that is, as thorough a tryout as can be given at a training camp. But not one phenom was uncovered. Most of the bushers were sent back to their old stamping grounds or shunted off to some other minor league organization. A few of the many who went along on the trips, hopeful, eager and confident survived the test. But none of them has shown as a wonder. They have been graded as good ball players—just enough to remain as big league substitutes. And so they have been kept in the hope that a few months on the bench and a few chances to mingle in the fray when the regulars are disabled will develop them.

And so it is that most of the big league clubs this season will get into action in their opening games with line-ups that will show little change from that of last season. Of course, some familiar faces will be missing because of the raids of the Federals, but the places of the missing will be taken, for the most part by utility men who substituted for them last season.

The dope concerning the training camp doings of the Feds has not been as complete as that from the organized camps. But the reports that trickled in from time to time stated that the veterans in the Federal lineups showed the form

that gave them the ranking of stars in the big leagues. Many of the Federal recruits, it is reported, showed in grand style, and so enthusiastic were some scribes concerning them that we may look forward to seeing a few "seconds" on the order of Cobb, Speaker, Collins, Baker, Wagner, et al., when the Federals cavort on their different greens.

The business of doping out the Federal League race—which few are brave enough to attempt—is too difficult a task to tackle just now. But, from training camp reports, the Chicago Feds seem to have a mighty speedy combination, Mordock Brown, the leader of the St. Louis Feds, is said to have whipped his bunch of kids and vels into a fine baseball machine, while Bill Bradley, manager of the Brooklyn Feds, declares that his outfit right now seems capable of showing its heels to anything in the league.

Baltimore looks as if it had a strong club and the Buffalo and Indianapolis outfit rank almost equal to them. The Kansas City and Pittsburgh Feds seem to have plenty of speed and ability.

After a few looks at all the Federal training camp dope one gets the idea that the teams are pretty evenly matched. If this proves true it will mean a thrilling battle all the way in 1914—something the public hopes for—and something, the organized majors never have provided.

DO YOU TREAT YOUR EYES RIGHT?

They Should Be Given Attention at All Times.

Some persons ignore the warnings given by failing sight and allow the strain to continue to exist to the detriment of sight. The longer an eye trouble is allowed to run without the services of a competent eye-sight specialist the more difficult to remedy becomes the defect. Simple ailments may go into serious defects. The proper thing to do is to seek a competent man, ask for an examination and learn exactly what is the trouble. Dr. Masrow has guaranteed his work ever since he located here. He has treated scores of supposed difficult cases, established perfect sight, and his patients have so testified. What he has done for others he can do for you.

Dr. Masrow's office is at 111 E. Main street, over the Cash Drug Store; he can be seen every Thursday, Friday and Saturday.

T. H. Webb has gone to Tallahassee, Fla., for a week's business trip.

Underwood Speaking

In token of the esteem and appreciation they have for the House Leader

Oscar W. Underwood

Whose duties in Washington prevent his active campaign, the following distinguished gentlemen have consented to represent his cause at

Dothan County Court House

Saturday, April 4th.

At 2 O'CLOCK P. M.

Judge Thos. M. Espy

—And—

Hon. Ernest H. Hill

Voters are urged to turn out and bring their friends to hear the issues of the campaign fairly represented
LADIES CORDIALLY INVITED

MAP MAN HERE.

M. M. Pruden, of Cincinnati is in the city making a preliminary canvass for the purpose of getting out a complete map of Dothan.

The map would show the location of all fire plugs, public buildings, factories, extension of water mains, etc., and contain much useful information about the town.

Tonight, the fire. It comes as it comes to every man a crushing blow. Stand then on your ash heap and call for bidders. Not a voice answers. It seems impossible that your values should have shriveled to nothing so soon.

This blow falls on some man every hour. Every hour a \$10,000 property is swept away.

If you want to take no chance of disruption and ruin, call us to day. Protect yourself with the shield of the ROYAL, the LARGEST COMPANY writing fire insurance on this planet.

THE INTRAM INSURANCE AGENCY
P. C. Porter, N. P. Chas. of disruption and ruin, call us to day.

LONG TERM LOANS—CITY PROPERTY

Besides our extremely good connections in handling term loans, we now have available an abundance of funds for FIRST MORTGAGE LOANS of \$500.00 and upward on CITY PROPERTY. Rates 7% to 8%; time limit, 5 years to 10 years. Let us talk the matter over with you.

MAHOMET MOSQUES

Largest and Most Beautiful in Delhi and Agra.

Biggest is at Delhi and it took 5,000 Men, Working Six Years, to Build it—Has Many Steps as Capital at Washington.

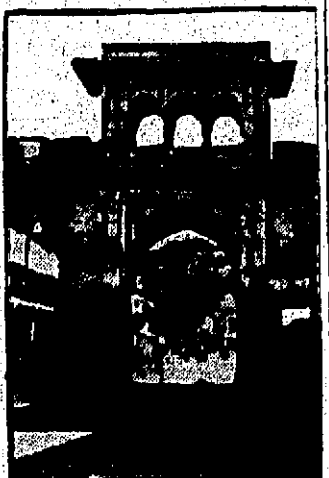

Washington.—The largest and most beautiful mosque in the world are at Delhi and Agra, in northern India, writes Frank G. Carpenter. The biggest mosque is at Delhi. It took 5,000 men, working six years, to build it, and it has as many steps as the capital at Washington.

The most beautiful mosque in the world is the Taj Mahal, at Agra. It is not so large, but it is far more costly than the Jamma Masjid, the biggest mosque in Delhi, and its wonderful workmanship is still the admiration of the world.

The building stands upon a mosaic platform of black and white marble covering about two acres, at the corners of which are high marble towers in which the Mahometan priests stand morning and evening and shout out the calls to prayer. The mosque itself, which is also a tomb, is of the purest white marble, ending in a bulb-like dome that seems to float in the air over it.

Its doors are of lace work of the purest white marble, and the interior contains enough of this marble lace work to build a fence around the grounds of the White House at Washington. It is a strange commentary upon the wonders of true love that this \$15,000,000 building was built by a Mahometan Sultan in honor of his wife.

The Sultan's name was Shah Jehan. He had over 100 wives, but he was especially fond of only one, and when she died he erected this building to her memory. He drafted the unbelievers among his subjects and set them

Entrance to Courtyard of the Jamma Masjid Mosque.

to work upon it. There were 20,000 laborers, and it is said that it took them 17 years to complete the construction. They got only their food for their pay.

Another fine mosque is in Jerusalem. It stands on the site of Solomon's Temple, and it is impossible to enter it without a permit from the Mahometan governor of the Holy City. In that mosque is the rock upon which Abraham built his altar upon which he was about to sacrifice Isaac when the angel of the Lord called out to him to withhold his hand. The mosque is called the Dome of the Rock.

Try some our home-made candy at 20 cents per pound. (Good as you can get for 75 cents pound.) A. D. USHERY GROCERY CO. 11

BABY COOS AS MOTHER DIES.

Engaged in Ironing, Woman, 27, Stagnates and Collapses on Red-Hot Fireplace.

Atlantic City, N. J.—Mrs. Hattie Halcher, twenty-seven years old, was burned to death while her sixteen months old baby lay in its coach and gurgled with glee at the flames when a lit caused the woman to fall prostrate upon a red-hot stove.

The tragedy occurred in one of three rooms occupied by the Halchers in the basement of a dwelling at 112 North Florida avenue. The mother had cleared away the dinner dishes and resumed her ironing, when she staggered and collapsed, striking the stove and sending a shower of red-hot coals upon herself. Neighbors, who saw the smoke pouring from the basement windows, saved the laughing infant and summoned the firemen.

room where the charred body of the mother lay in a huddle on the floor. Policemen picked her up tenderly, but the last spark of life fled as she was placed in a patrol wagon for a thrilling dash to the city hospital.

Neighbors said Mrs. Halcher had not been in good health for some time. She was devoted to the infant, which laughed while she died.

Halcher, who is a coal cart driver, reached his stricken home after the police had left for the hospital. He whipped up his horses and drove at the best speed he could muster to the institution, only to be told that his wife was dead.

COULD SCARCELY WALK ABOUT

And For Three Summers Mrs. Vincent Was Unable to Attend to Any of Her Housework.

Pittsboro, N. C.—"I suffered for three summers," writes Mrs. Walter Vincent, of this town, "and the third and last time, was my worst."

I had dreadful nervous headaches and palpitation, and was scarcely able to walk about. Could not do any of my housework.

I also had dreadful pains in my back and sides and when one of those weak, shaking spells would come on me, I would have to give up and lie down, until it wore off.

I was certainly in a dreadful state of health, when I finally decided to try Cardui, the women's tonic, and I really

believe I would have died if I hadn't taken it.

After I began taking Cardui, I was greatly helped, and all three bottles relieved me entirely.

I listened up, and grew so much stronger in three months, I felt like another person altogether."

Cardui is purely vegetable and gentle-acting. Its ingredients have a mild, tonic effect, on the womanly constitution.

Cardui makes for increased strength, improves the appetite, tones up the nervous system, and helps to make pale, yellow cheeks, fresh and rosy.

Cardui has helped more than a million weak women, during the past 50 years. It will surely do for you, what it has done for them. Try Cardui today.

Mr. Farmer:

Now is the time you need one of these **BLOUNTS TRUE BLUE STEEL MIDDLE BREAKER**. This is a plow that will help you to catch up with your plowing. Two mules and one middle breaker will do more ploughing and better work in one day than three mules and one plow. You know, every day until now your crop is planted counts and this plow cost you will pay you many times. We guarantee it to plow in any kind of ground and have no trouble with broken points. Many farmers use this middle breaker all through the year and it beats anything you can get to dig potatoes and also makes a fine subsoil plow by taking off the wheels.

The **DIXIE BELLE STEEL TURNER** is the lightest steel beam plow on the market. The point will not break nor get dull. This is one of the cheapest plows the farmer ever used.

Please Notice.

For the balance of the season we are going to make special cash prices on all plows, goods, plow gear and other farming tools, and it will pay you to read this list and take advantage of the many bargains we offer you for quick sale.
